LETTERS TO THE EDITOR & TO THE READERS OF FQ

FEELING SORRY FOR CUT SCHOOL BUDDIES

Dear FQ,

I recently bought your magazine for the first time and had to write and tell you how fantastic it is. Having been born in the West Indies, where all the men are uncut, I felt like a freak compared with the other guys in school. Though no one made fun of me, I always felt uncomfortable about my uncut state.

A couple of years ago I decided to have myself circumcised. Thank God, I came to my senses. In the last two years I have done a complete turnaround. I've come to love my two-inch overhang as well as the 'skins of other men. The gym I attend has a good number of foreign men from the Caribbean, Latin America and even Eastern Europe. Not only am I turned on by these guys, but I feel a certain camaraderie. These men walk around unashamed or embarrassed to let their overhangs hang free. Now, I actually feel sorry for all those cut guys from school.

Signed, DH, Hartford, CT

P.S. Where can I get back issues of your magazine?

Welcome to our world, DH—

I'm glad to hear you've learned to shame-less-ly enjoy your overhang. Say, why not send us a picture of it (along with a release and copy of your ID).

Meantime, I can tell you where to get back issues: Right here. We have issues 1, 4, 5, 6, 7, 10, 11, 13, 14, 15, 16, 17, and 18, plus a very limited supply of issue 12. Numbers 2, 3, 8, and 9 are completely sold out. All back issues are available for $7.50 each, including shipping. For five or more issues ordered together, use this formula: $5.95 each for the issues, plus $3.50 s&h for the first one and $1 for each additional issue.

MADLY IN LOVE WITH OLD *FQ*

Dear Joseph,

Just let me say that I'm madly in love with *FQ*. If it weren't for *FQ* and Bud Berkeley, I would be a cut man today. Thank God I found you all in time.

Second, let me say that I miss the old *FQ* and the little tid bits it had. I ask that you bring back "true stories."

I also noticed in issue 18 that the stories have become too commercial. Bring back the truly gritty *FORESKIN* (I love that word!) stories. I beseech you. Bring these vital segments of the Quarterly back.

Signed, WH, Bronx, NY

P.S. Joseph, do you have a foreskin?

Thanks, DH—

I think I'll answer your letter upside down and backwards if you don't mind. So, yes, I do have a foreskin! It has been photographed for publication any number of times, but has become a little shy in its old age, I think.

About bringing back the tid bits, like true stories: We have carried a couple of such things since I've been back, each time hoping to prime the pump and start the flow again. But they just aren't coming in very fast at all. So, I'll save the "True Story" you sent, add one of my own to it, and pray for others to join us before issue 20. Okay.

As for the gritty foreskin stories. Again, I think the magazine's years of unreliable publication cost it a number of things, relationships with gritty foreskin writers among them. We're working on it. So, what about you? Why don't you write us a story, a nice long one. I don't mind how much editing it takes to get it ready for press. What d'you say? Should I be expecting a story form you. I've recently issued a similar invitation (challenge?) to several other foreskin fans.

And, thanks for the good words. They help!

Y UNA CARTA EN ESPAÑOL

Queridos Amigos,

Reciban mis mas cordiales saludos en el instante en que reciban esta carte.

Les escribo para espresarles mis más extensas ¡Felicitaciones! por la revista *Foreskin Quarterly*. He adquirido otras revistas y magazines, pero es FQ la que más me atrae, pues en ella aparece Skin Search y yo que aun no tengo telefono puedo enviarle correspondencia al joven guy que es de mi preferencia, o en el que conquisto su amistad.

Tambien le facilita al lector, pues como yo existen turistas, visitadores, etc que no tienen la ventaja de seleccionar el "box" y luego con el 1-800 o el 1-900 conocer al seleccionado.

Tambien en este pais, hay guys que no tienen practica o facilidad en el idioma ingles, hablan el arabe, aleman, italiano, español, portuques, japones, etc., y esto es una y gran ventaja porque no mas se toma el nombre y direccion, y se inicia una relación gracias a *FQ*. No hay otra revista como esta en los EE UU.

Mis raices son de Is. Canarias, y vivia en Cuba, vine bajo el programa di refugiados. Soy cliente del welfare, por lo que estoy muy interesado en suscribirme a este magazin do *FQ*, incluso en meses futuros quiero colocar un anuncio de mis caracteres en este espacio. Pues desde el 08.07.95 vivo aqui en NJ y deseo conocer y que me conozcan ya que por 6 años en Cuba estuve privado del sexo y libertad, pues so discrimina a los homosexuales, incluso se nos encarcela.

Antes do despedirme una vez más les felicito, y exhorto a continuarlo.

Signed, Mr. OEC, Union City, NJ

Answering a bit in English—

While it is my intention to answer Mr. OEC directly and privately, I should say a word about how glad I am to hear that *FQ* is a magazine that reaches and pleases a widely diverse cultural and ethnic readership.

Letters are always welcome, regardless of the language, and such polite and positive letters as this are always very particularly welcome.

To Other Readers: I have the impression that Mr. OEC might enjoy having letters from other readers, especially if they can write to him in Spanish. If you like to do that, send your letters to me at the Brush Creek Media address on the next page, and I'll forward them to Mr. OEC who is 26 years old, a Canary Islander who has lived in Cuba and is currently (since summer) living in the USA, having entered as a refugee.

A NOTE ABOUT YOUR MANY, MANY LETTERS RE: BUD BERKELEY

The number of letters received here about dissatisfaction with Bud Berkeley and his organization, The USA, over the past three months is amazing. We will try one more time to get some satisfaction for all of you, but you may rest assured, right now, that the relationship between BB/The USA and *FQ* will not be resumed.

Final details in *FQ* 20.

A Letter from the Editor

Hi again, Skin-seekers!

I'm having a great time with ***FQ***, and I seriously hope that what I'm doing is pretty much what you want. I work for you and I may need a little supervision. It has been gratifying to read so many letters saying that you are enjoying what is happening with the magazine. Now, if I could just start seeing some news reports as well, and getting more true and fictional stories, maybe even drawings from new artists or photos of new, non-pro, uncut models. I know you know exactly what it takes to turn on a 'skin seeker—first hand, right? So write it down and send it in. If you're not the greatest writer, that's no reason not to share your stories with ***FQ*** readers. If your work needs editing or even a rewrite, we can handle that here. And who could know better than you do what kind of art and photography ***FQ*** ought to be publishing. Come on, guys, *share!*

On another note, I was recently out in the woods with a group of models working on a video for ***BEAR*** magazine to release. Watching these guys get into the action and into each other, I thought—of course—we need to be making a few videos for ***FQ*** readers. I'm not thinking of leathersex videos or Bears or any other thing but 'skin. You know, these wouldn't be videos where some of the models happen to be uncut. These would be videos about intact men enjoying the 'skins of other intact men. So, I'm at work now trying to line up the models. Are you one of the guys I ought to be considering? Let me know.

And on still another note: ***FQ*** is growing. There are more and more classified advertisers, more display ads, and more pages in color already. If we could scare up just a few more display advertisers (or a bunch more subscribers), we could add more pages to give you more of the words and images you want. Think about it. Who do you think ought to be advertising here? Any help will be greatly appreciated.

Finally, let me say a word or two about Rex. He is one of the most respected and most serious of all artists doing gay erotica, and his images are mostly of uncut men. So, we're kicking off our relationship with Rex by showing you a gallery of his classic art in this issue. After that, we'll get a few more images in over the next several issues. As the unrivalled master of the dark, seductive and masculine side of sex, Rex is careful where his art appears, and we feel honored that he has decided ***FQ*** is a place he wants to be published. I hope you enjoy his dark, lusty imagination.

CAPTAIN'S CHOICE

by Jim Diamond
illustrated by Dade/URSUS

"Yeah, oh, yeah! Take that, *unh*!" I sank my cannon into his ass without mercy, every inch up his butt in one berserk ram. "Gaaah!" he screamed, but I held on.

This hunky sailor was going to become a real man. His ass was sweet! Worming my dick up that tight hole, I was in delicious torment!

He moaned long and low in a Spanish lament, "*Ay, el dolooooooooor!*" The pain! His trench stretched as tight as it would go.

I stuck it in, pulled it out, stuck it in, pulled it out, thrust and lunged like the bouncing barrel of an anti-aircraft gun. My thighs smacked against the brown meat of his hard buttocks, and I went crazy.

Rodríguez was sea-meat, and the more he struggled and moaned, the better I liked it! Again and *again* and *again*!

"How you—uh! uh! uh! uh!—like this, Rodríguez?" I gasped in his ear.

"*Dios mío,*" he gasped, so excited he forgot to speak English, "*me mata, Capitán!*" I understood him, though. Thought I was killing him. He was a hunky sailor porthole around my diving submarine—learning why men go down to the sea in ships. To get fucked.

I chugged away at him, enjoying that hard, brown body until our shared juices slicked up the hole and my drives got a little messier and faster. Slowly, ever so slowly, Rodríguez's moans grew softer, and the tension of his body relaxed.

Gradually his panting became more like purring. Lubricated by our juices, I started reaching my orgasm, and I'll be a son of a bitch if he didn't toss his shiny black hair and growl, "Harder, Captain. Harder!"

###

The day I retired from the Navy was a proud one. I was a captain for 12 years, the master of ships, commander of men. I had reached all my goals. Well, not all of them. Along the way, somewhere, I gained an additional military craving, one I never succeeded in satisfying.

When I was at sea, cruising off the coast of Vietnam, the sight of the muscular sailors was often more than I could take. In the finest tradition of navies across the world, the U.S. Navy also has a great deal of hanky-panky below decks. Enlisted men have sexual outlets whenever they get horny.

As an officer, I had more difficulties.

I dreamed, of course, of ordering some husky sailor to my cabin. "Strip!" I would say, and the bunk hunk would slip his white, Navy blouse over his head.

A sailor wears an undershirt under his blue chambray uniform, and I would pinch his nipples through it until he pulled it off. Then my fingers would caress his chest and shoulders.

Just thinking about it made me twitch. My fantasies always skipped quickly to the pants. My dream-sailor kicked his bell-bottom dungarees aside and stood before me—at attention—in just his white skivvies.

"Down, *yank*!" I ordered.

He yanked. His big, red cockhead bobbed in the salty air, and in a second, I got my lips over it.

In other fantasies, I imagined the sailor's mouth over my own dick or my cock fucking in his steaming porthole. On the horniest occasions, I dreamed of awarding a medal for meritorious service, bending over for him, spreading my buttcheeks, and feeling the virile power of American military manhood up my ass.

But those were all daydreams. If I ever did such a thing in real life, the brass would keelhaul me. While my enlisted men buggered each other to unconsciousness in the decks below, I was restricted to captain-handjobs in my stateroom.

Until the day I retired. That was also the day I first saw Chief Petty Officer Carlos Rodríguez.

Before the ceremony, I went to the head to take a piss, using the enlisted men's facilities instead of the officers' head. Fuck 'em. I'm the captain, and I have to take a piss!

Inside, I stepped to a urinal beside a muscular Hispanic CPO. His nametag read "RODRIGUEZ." While doing my business, I glanced over at him. I figured him about 40—maybe 45.

Son of a bitch. An uncut. In earlier days, the U.S. Navy routinely circumcised any recruit who showed up at in-processing with a foreskin. A man with a fully sheathed cock was a real rarity.

And it was big. Real big.

I couldn't get Rodríguez and that fascinating, intoxicating penis out of my mind for the rest of the day. Even as I sat through the retirement ceremonies, in the back of my mind, I reveled over that long, brown, uncut dick.

That night, guess who appeared in my fantasy? I made him strip for me and stand at attention while I sucked that leathery scabbard and the hard dong inside it. I was so horny, my jizz hit the overhead. That was as far as I got with Rodríguez, though, until the next day, after packing to embark into civilian life.

Tying up some loose ends, I went to the Officers' Club to pay my bar tab. As I walked across the playing field on the way to the O Club, I spotted Rodríguez entering the base gymnasium.

What the hell, I'll go over there for a look at him. Maybe he'll put on some athletic shorts. Inside, I saw Rodríguez go through the hatch of the head. Pissing again. Great! Another look at his pecker.

I entered the head, too, but I didn't see him at the urinals. He was in one of the stalls. I saw his feet under one of the bulkheads.

No one else was in the head with us, so I decided to take a seat in the stall next to his. I got a wild hair to jack off right beside him. I would beat my commissioned meat beside him, and he would never know!

When I sat on the toilet, though, I was astounded. Son of a bitch, they'd cut holes in the bulkhead! Inclining my head a little, I saw Rodríguez on the toilet in the next stall.

Fuck, he's masturbating! Look at that cock! Jungles of silky, shiny black hair covered him between his thighs, and out bulged that uncircumcised penis of at least 10 inches, darker brown than the rest of his body, a real monster hard-on. It had a sheath of foreskin covering that alluring outline.

I kept watching, and he jerked it up and down, the foreskin peeling down and up with each stroke, wrapping his red-purple glans. His piss-hole drooled clear drops.

That gave me such a raging hard-on, I automatically started to stroke myself. I dropped my uniform trousers so they would crumple at my feet—and look from the outside as if I were legitimately using the toilet. Then I saw his face moving down to the peephole! I sat on the toilet petrified with fear.

His eye appeared at the hole! He's looking at me! CPO

Rodríguez got a good gander at my wand, and I was too flustered to stop stroking it. ... What the hell. That's what we were both doing. Then the eye disappeared. Where did he go?

I put my face back down to the peephole just in time to get stuck in the eye by a big, brown dick! Balls, that hurt! He butted that chunky, profane penis right through the hole into my stall! What a virile bastard.

Then it hit me. He wants me to beat him off. I didn't want to touch the squalid dick, but it was there. The idea that his captain stood on the other side of a bulkhead from the sailor, stroking his cock and handling him, made me so horny that my cock almost exploded.

I took the big, brown dong in my hand. Look at that foreskin sliding back and forth! The wide, perspiration-slick cockshaft burned into my hand—and into my brain!

I was horny down deep in the bottom of my balls, and I wanted more, more, more! I panted in quick, short breaths.

I bent down to kiss it. The idea of secret sex with one of my sailors almost gave me an orgasm. I got a little bubble of his precum, and it tasted salty. Like the sea.

I had to have more! I opened my mouth and sucked the beefy cockhead, savoring the heat on my tongue. CPO Carlos Rodríguez was virile and hot!

I heard him moan, "*Ay, hermano, como me chupas,*" and he climaxed! Suddenly, I tasted something milky, and his hard, brown prick went off inside my mouth as if I swallowed a puffer-fish. His balls exploded with ejaculations I wasn't expecting, and boiling jism surged down my throat in rapid-fire action. Before I could stop it, big bursts of Rodríguez-cum ran out the sides of my mouth and down my chin.

Almost choking, I tried to get away from that smarmy explosion, and I made a big mistake—I backed off too soon. The throbbing Latino cock continued to surge out gushes of white dick-liquor, which splattered all over my uniform!

Desperate, I had no choice! I mouthed the big pecker again, slurping and swallowing the burning, pearly milt! I also discovered something about myself. Down deep inside, I loved that stuff. I wasn't really surprised. I always thought I would.

I sucked every bit from my sailor's phenomenal hard-on until it softened, and he pulled it back through the panel. Then I looked down at my chest. Shit! Strings of coagulating semen looped over my ribbons. Sperm dripped from my buttons, big, wet stains all over my white shirt. I also had smears over my arms and face.

That boy squirted about a pint of jism over me! Now, how can I get out of here? Fuck, what am I going to do?

I looked down at his feet. Rodríguez was still there. I stood up, pulled up my white duck trousers, and peeped out of the stall. The head was deserted, lucky for me.

Praying Rodríguez would remain where he was, I strode quickly to the washbasin for damage-control. I splashed water over myself—better to be thought careless with water than covered with sperm.

When I stepped back from the basin, Rodríguez stood behind me, staring. "Captain," he muttered. "Sir?" He cleared his throat. "That was ... great."

I saw my whole career going up in flames. I had one chance. "Rodríguez, report to the Hotel Caribbean, room 413 at 2100 hours tonight!"

"Aye-aye, sir."

"In dress whites," I added.

"Aye-aye, sir."

We saluted, and I left the head. I was a nervous wreck. I left the naval base and drove to my temporary room in the Hotel Caribbean. Gradually I calmed down. I made it!

At precisely 9 o'clock that night, I heard a knock at the hatch. "Enter!"

Rodríguez stepped into my hotel room. He was smiling, dressed in a gleaming, starched white uniform.

"Attensh-HUT!" I snapped. "And wipe that smile off your face."

He stood before me like a rigid, brown tree. "You may believe," I began, walking around him, inspecting, "that you have some powerful information about me."

I unbuttoned his white Navy blouse. He started smiling again, and I brought my face down to his. "Mister, if you think this is funny, you don't realize what's going on."

"Strip off the blouse."

I admired his shoulders as the Navy blouse peeled back. I couldn't stand it. He was just too beautiful. I bent my head and licked the brown meat of those wide shoulders. As he took off the Navy blouse, my own cock tightened in my white duck trousers and squirted a blast of precum in my Navy boxers.

"Remove your shoes," I ordered. Rodríguez knelt to take off the spit-shined black oxfords.

The U.S. Navy has no official command to get a man to take his pants off, so I said, "Drop *trousers*!"

Rodríguez undid his belt and dropped his bell-bottoms to the deck. Good man. He wore the official uniform nainsook boxer shorts. Too many sailors wore civilian Jockey shorts, which I believed a breach of military uniformity—but something too sensitive to investigate.

That was one of my fantasies, though. I dreamed that each commander would inspect each of his men by plunging his hand behind the man's belt buckle to fondle his basket. "What's this, mister? Is that a Jockey shorts pouch I feel? You're on report!"

Rodríguez anticipated my next command. He hooked his thumbs in the waistband of his skivvies. Then my fantasy came true. "Down, *yank*!"

He dropped them, and he was exposed. CPO Carlos Rodríguez wore only his black socks and was a lecherous sight. That big, brown pecker started to rise, still encased in that horny foreskin, and he started to stroke it.

"Attensh-HUT!" I roared, and his hands snapped back to his sides. Only his mahogany boner thrust out like a bayonet at present-arms.

I never saw anything so erotic, and I had to get bare, too. I pulled down my white duck trousers, and my white captain's scepter leaped out like a bowsprit.

I'm going to fuck him! I'm going to fuck him! I'm going to fuck a man for the first time in my life! I turned away from Rodríguez to place my trousers over a chair, and when I did, the

little bastard surprised me!

He pushed me over the chair, and in a stance behind me, spread my legs apart! One hand went around my belly while the other spread my buttocks, and his finger went up my asshole!

I leaped and struggled in his grip—then the grand, Puerto Rican boner nudged at my ass. Half in self-defense, half in arousal, I reached back. The burly dong was bigger than a 55mm cannon. My God, he's going to rape me with that thing!

"*Ahora, mi Capitán,*" he growled in my ear, "*vas a recibir lo que buscas!*" You're gonna get what you want!

Fucking hell! The fiery entrance of Rodríguez's Puerto Rican gunboat in my placid inner lagoon was a stabbing pain that almost knocked me out! I almost screamed but choked it back when I realized that was a sign of cowardice.

Damn, it hurt! Again and again and again and again he sent that big torpedo against my midships, bobbing my whole body up and down from the bangs of his pelvis against mine. When I couldn't stand it anymore, when I gave up and was going to scream, his virility came to my rescue.

He came. He pumped a pint of white salsa up my guts, and the natural balm soothed my ravaged insides. Rodríguez pulled out and collapsed against the bulkhead, gasping and fucked out.

Then it was my turn. I yanked him from his exhausted pose and pushed him onto my bunk. Before he knew what was happening, I got him in a crouch, his legs spread, his firm buttocks cupped in my hands.

I mounted him doggy-style. I wrapped my arms around his hard-muscled belly and jammed my own cruiser up his port of call. "Noooo," he moaned, "don't, sir! *No me cojes! No me haces puto!*" Sir, I've never done this! Don't fuck me!

"Hey, neither had I, asshole! You got my cherry. I'm getting yours!" Like an insane thug, I planted my admiralty pennant in his flagholder, slamming my dong against his tight, brown globes.

His cries of pain and anguish—the man becoming the complete man—were like music to my ears. Then it happened. As the voluptuous tsunami swept over me, my whole life flashed before me! I remembered Uncle Ferrell showing me his big dong in the shed out back. I remembered seeing Coach Chalmers jacking off in the showers when he thought he was alone. I remembered the Navy surgeon who held my pecker for such a long time, I got an erection during his examination.

My whole male history came roaring back to me, then my brain fried in an explosion of ecstasy that hit me like a nor'easter raising 30-foot waves! The whole room lit up in a reddish glow, and my balls sizzled.

Cum came blasting out of me in gushes like Bofors shells. I heard Rodríguez moaning, and the ejaculation was the hottest ever. When it was over, I shot so much sea-anemone milk, I was dehydrated.

When I pulled my cock out of his ass, my serum dribbled out of his hole. "Clean yourself up, mister," I ordered. "You have jizz dribbling out of your ass."

"So do you, sir," he said, and I looked down. Son of a bitch. I hadn't noticed. While I fucked him, I drooled great, spermy trails down my thighs. We were still horny enough, so in a 69, we sucked each other's buttholes clean.

I hung around town for a few months, conducting my civilian business with that hotel as my headquarters—and seeing Rodríguez there often. In fact, Rodríguez himself was due to retire from the Navy in a short time, and I had plans to make him my personal aide.

Retiring from the Navy was the beginning of the horniest time of my life. ■

My Favorite Foreskin (II)

The Elegance of Erection

By Peter Leko

Hi, guys, here I am again—Ted Newhouse—here to tell you more about my favorite foreskin. Peter's perfect prepuce. But where would a foreskin be without a penis? Yeah, it might be down there between a pair of hairy labia majora, but that wouldn't be any fun, would it?

Now Peter's foreskin is attached to the most beautiful penis I've ever seen. It's so wonderful that I could talk about it for a month of Sundays and still not tell you how wonderful it is. So this time, I'll tell you about the penis that it adorns, Peter's perfect penis, erect and in action.

One of the wonderful things about Peter's penis is the way it gets hard. I get an instant hard-on just watching it lengthen and swell in sexual arousal. It lifts up from the cradle of his balls in rigid erection as his foreskin slowly creeps back along his glans revealing the slippery end of the tender treasure within. And that's the way he was—and I was—every time I took its portrait on film.

Making love with Peter revealed that there's more to a penis than meets the eye. Like mine, Peter's penis jutted out below his mons pubis and above a pair of fat, egg-shaped balls, but I didn't know that there was anything more to a penis than that.

Of course, I had already explored the mysteries of my male anatomy while I pursued the pleasures of masturbation every chance I got. Sometimes when I jacked off, I squatted over a mirror so I could see my genitals in action from underneath. When I ejaculated, the bulge between my balls and my asshole pumped up and down each time my penis jumped. I could feel it pumping semen down my urethra each time my cock squirted, and the tawny pucker in my perineum clenched at the same time.

When I made *soixante-neuf* love with Peter (that's 69, if your French is rusty) I enjoyed an intimate view of his crotch in the flesh. I hugged his hips close to my torso as I held his legs apart with my arms behind his knees. I savored the musky fragrance of his perineum and the rich male taste of his genitals. My tongue caressed every inch of his penis from glans to scrotum, where his rigid shaft disappeared under his balls. At the same time, Peter sucked my cock and nuzzled my balls with his nose as his fingers tickled the fringe of perineal hair around my asslips. As we aroused one another to ever greater heights of erotic tension, Peter spread his thighs even wider apart and thrust his crotch closer against my loving cheek. I caressed the underside of his penis with my fingertips and pushed his balls apart to lie on either side of his throbbing shaft. I felt the base of his cock between his balls and followed the fine, raised line of his raphe along the root of his throbbing erection back to the tawny pucker deep in the cleft of his ass.

Peter's penis reached all the way from glans to asshole, where it plunged deep between his legs. My lips and tongue teased his cockslit until it squirted his living sperm into my waiting mouth. Each time the root of his cock pushed against my fingertips it pumped a load of sperm down his urethra and onto my eager tongue.

Sometimes I let Peter's penis slip from my lips just as his orgasm began. I loved to see his asslips quiver and the spasms in the root of his cock as he came. I nestled my chin between his balls and nuzzled the root of his cock while he ejaculated. With each spurt, his tawny asslips puckered and

seemed to wink at me. As the root of his penis rose and fell, his hot sperm squirting against my chest felt like rivulets of fire before it dripped off my nipples.

Giving Peter an orgasm was my greatest joy. Feeling his body shudder in my arms as he ejaculated got me so hot that my balls unloaded sooner than I wanted to cum. He caught the last spurts with his lips and sucked my dripping penis deep into his mouth. It didn't relax. I immediately came again as Peter rapidly jacked my ramrod shaft while his lips encircled my glans.

It wasn't easy, but I got Peter to spread his legs wide so I could capture on film the whole length of his precious penis, from frenum and skinned-back glans to his tight, full scrotum and the dark pucker of his asslips below the firm, hairy root of his shaft.

With Peter's left foot propped up on the wash basin, his shaft bends at a right angle where his erection juts from his pubic hair, and his balls hang down below his mons. The tumescent root of his penis is a firm, rounded ridge that reaches from balls to asshole.

When Peter spreads his thighs in revelation, his foreskin pulls back to bare the tender glans within. With cockhead flushed with lust for my lips, Peter's perfect penis reaches out to my mouth with foreskin pulled back behind his flared trigger rim. His glans is so engorged with desire that it glistens in the slippery wetness of the precum that my fingers spread from his cockslit to his frenum and around his trigger rim.

When Peter spreads his thighs in anticipation, his foreskin slides back in satiny folds behind his trigger rim as his cock stiffens and lifts up from his balls. Dark locks of pubic hair sweep down toward the base of his shaft and surround his genitals in a glorious, dusky wreath of curls.

When Peter spreads his legs in invitation, the irresistible allure of dark pubic hair clothing his mons pubis and spreading out onto his thighs and scrotum draws my eyes, my hands, my lips unerringly to that majestic red-capped column of throbbing male flesh between his widespread thighs.

Looking up between Peter's spread legs while he has a rigid erection, his penis reaches ramrod straight from anus to glossy, skinned-back glans. About mid-length, his sperm-filled balls hang down in their wrinkled sac. A fringe of fine perineal hair emerges from his asscrack and follows the root of his cock to merge with his pubic hair and surround his scrotum with a silky wreath. Until now, only I have seen this heart-stopping view of Peter's penis.

As I lead Peter up the enraptured path to the summit of

sexual ecstasy, his stiff erection begins to dance spontaneously above balls drawn tight against the base of his shaft. With each upward flip of his cock, a crystal drop of precum oozing from his slit hangs ever lower on a long, unbroken glistening thread as it reaches for the floor.

As Peter's sensual overload takes him over the edge, his scrotum tightens in thick folds holding his balls even closer to the base of his shaft. As the first waves of orgasm surge from his cockhead through every fiber of his body, his rigid penis thrusting from a thicket of pubic hair curves upward as it begins its dance of ecstasy. Then his prostate overflows and semen spills from his cockslit just a heartbeat before the first spurt of ejaculation flings an unbroken ribbon of creamy white cum swirling through the air. Watching Peter cum is more precious to me than my own orgasm. The greatest joy sex has to offer.

Video reviews with a 'skin seeker's point of view

REVIEWS BY PETER LEKO

The well-hung, uncut studs in Kristen Bjorn's videos have long been a treat to the eye of foreskin lovers. Two new releases from that master of male videoerotica merit your attention, both visual and between your legs. *A Caracas Adventure* will please admirers of the intact prepuce in action, and I will give you a full review of that tape in the next issue of FQ. In the other new tape, *The Vampire of Budapest*, Bjorn again widens his geographic horizons, this time to Eastern Europe and the foreskins of Hungary, exploring the erotic possibilities of the vampire myth with mixed success.

In the first of four episodes, a sexy Magyar strolling along the Danube catches the eye of a street tough dressed in black, who falls in behind and begins following him. When they walk through a classic colonnade, two more black-clad guys take up the chase—*everybody* in this video is dressed in black, when they're dressed, that is. Realizing that he's being pursued, our hero dashes up a deserted alley with three now hot on his heels. They grab him and drag him into an apartment where he struggles as they pull his clothes off. Stripping themselves for action, they lay him out on a table and grope every inch of his nakedness.

Now, picture this: a huge Hungarian sausage sheathed in rubber, foreskin halfway back on a cockhead fiery red with lust, penetrating the asslips of our hero while a second assailant masturbates him and the third slides his erection between his lips. All three take a turn up his ass, and in one vivid image two fat erections simultaneously invade his mouth. Our hero is now so aroused by this three-pronged onslaught that he comes all over his crotch as one of his assailants jacks him off and both spatter his torso with their sperm. With the third cock still up his ass, they all kiss him, and the third says "Happy birthday." Our hero responds "Zoltan, you devil! You think of everything." We just have to ignore the inconsistency: why didn't the birthday boy recognize Zoltan in the first place?

Anyway, now that they're acquainted, they get down to serious oral action that arouses them to the point of climax. Bjorn's camera brilliantly captures the birthday boy's magnificent penis, balls up tight, as his partner masturbates him to climax. Then the three slurp and chew on one another's genitals until they ejaculate in one of Bjorn's trade-mark situations.

They pair off, with two kneeling face to face as their partners explore their asscracks with hungry tongues, and the kneeling pair jack off to climax while being rimmed. Then Zoltan and the birthday boy fuck their partners doggie style, lovingly portrayed by the camera in artistically composed wide shots and intimate closeups. Zoltan jacks off on his partner's ass and then the birthday boy ejaculates while his penis slides up and down between his partner's buttocks, captured in another Bjorn trade-mark situation.

The scene cuts to a beautiful view of Budapest across the Danube, and then to a couple exploring old buildings. They wander into a shadowy, weird place that they decide is ideal for spur-of-the-moment sex. They go into a clinch and one is soon on his knees with his buddy's cock in his mouth, unaware that they're being watched. The eager cocksucker excites his partner to the height of arousal, who comes at the sensations of his partner's mouth nibbling his genitals, ejaculating in a money-shot reminiscent of Brian Estevez's spectacular no-hands orgasms, squirting sperm with each upward flip of his stiff penis. A stellar visual moment. The voyeur now reveals himself, but this is no ordinary voyeur. When he removes his shades, his eyes show that he's the vampire.

The horny pair bolt, leaving their pants behind as they dash down an open stairway only to find the bare-assed vampire waiting for them at the bottom. The pair come down the stairs to meet the vampire and he sucks their cocks, alternating from one to the other, captured in low-angle stairway shots that highlight the beauty of the vampire's shapely ass. Then he plows one of the pair in a standing fuck while the other sucks his buddy's cock and masturbates himself to climax. With the vampire's cock still up his ass, the other drops his load on his buddy's cheek.

The vampire withdraws and jacks off to the most spectacular money-shot of the video, ejaculating with such force that he literally sprays his cum over his partner's back in nine or ten rapid-fire jets. After he licks his cum from his partner's back he rims them both and slaps their asses as they lean on the stairway railing. He pulls their cocks back between their thighs and sucks them as he masturbates to climax before fucking them both in turn. Both beat their meat while he fucks and get their rocks off as the vampire masturbates to climax. Then the vampire's fangs appear and he bites them until blood streams down their chests. Two new vampires!

Photo on previous page is from Kristen Bjorn's *Caracas Adventure*. Above, right to left: Bjorn's *Paradise Plantation* and *Mystery Men*.

The next epsode begins as the vampire surveys his domain from the rooftops, and a cute guy standing on the balcony of a building across the way attracts his attention. Under a full moon that night, the object of the vampire's interest goes from the balcony into his room, strips, and falls prone on his bed, one knee enticingly drawn up to reveal an inviting asscrack between shapely cheeks. The vampire materializes naked, goes to the bed and caresses the sleeper's body. The vampire lifts his hips, reaching underneath to grab his cock while he rims him as he jacks him off. The vampire beats his meat, ejaculating a quick squirt (you have to look sharp even to see it), licks his sperm from the sleeper's back and vanishes.

Next day as the hunk—later you'll learn that his name is Tomas—walks along the street, the vampire mysteriously appears in three different places and watches him. Tomas enters a bath house and finds guys having sex in every stall—rimming one another, masturbating, giving one another head. Four guys are jacking off under a shower, and a couple of hard, twitching cocks beckon him before the guys ejaculate. Tomas goes into the large pool room and watches several couples sucking one another's cock. He drops his towel and walks into the pool, where eight guys converge on him in a mad rush that begins a complex orgy scene. They beat their meat and jack each other off, and Tomas masturbates several to climax. Then one fucks him while he sucks another, ultimately evolving into a complex 5-way that you have to see to appreciate. One guy lies on the edge of the pool while two couples straddling him fuck doggie style. Then two couples fuck doggie style at one corner of the pool, while a guy sitting in the pool masturbates as he watches. Elsewhere in the pool, the other couples go at it until they get their rocks off at the end of the scene.

In the final episode, Tomas seems at loose ends as he looks out of his balcony. He goes inside, sits down on the sofa and dozes. The vampire materializes and says "Come, Tomas" as he flips his stiff erection out of his pants. Tomas goes to the vampire and he strips Tomas's shirt off as they kiss. Tomas caresses the vampire's impressive cock—not especially big, but very thick and stiff—with his tongue before taking it between his lips, foreskin down. Tomas removes the vampire's pants, who finishes stripping as Tomas licks his balls and teases his glans with his lips, masturbating him until he ejaculates on Tomas's chest.

The vampire gently picks Tomas up like a child and lays him on the table. He takes off Tomas's pants, kissing and caressing him as their erections meet between their crotches. The vampire lovingly sucks Tomas's penis (it is circumcised, by the way) and raises his legs, lifting his hips until Tomas is up-ended on his shoulders. The vampire's tongue flicks along Tomas's asscrack, darts all around his perineum and into his anus as he rims him. Then the vampire slips his erection up Tomas's ass as Tomas slaps his penis against the vampire's belly in a very effective anal sequence shot by the camera both wide and close-up, panning to their faces for nice portraits. The vampire licks Tomas's toes as he fucks. Tomas shoots his load on the vampire's crotch, and the vampire's penis squirts straight at the camera in a very nice no-hands ejaculation.

The vampire turns Tomas over on his hands and knees and fucks him again, doggie style, captured by the camera in close underneath and side shots. In an underneath view the vampire withdraws and pulls off his rubber and the camera captures his ejaculation in side view as the first of his semen spills out of his slit before he begins to squirt. The vampire again licks his sperm from Tomas's back and kisses his neck. As he nibbles Tomas's ear, Tomas says "Go ahead, bite me, make me a vampire too. Is that what you want?" When the vampire asks "What?" Tomas responds "I want to stay with you. I love you."

Suddenly, the vampire's body is transfixed with supernatural waves, and when the camera pans to his face the vampire's eyes are normal eyes. The couple stare at one another incredulously. Tomas's love has transformed the vampire back to a horny human male, and they kiss tenderly as the scene ends with a view of old Budapest across the Danube. Bjorn has been criticized for making videos by formula. Although *The Vampire of Budapest* departs somewhat from his usual style, the sexual situations are typical up to a point. Unlike Bjorn's earlier titles, in this video

Above: A mood-setting photo of two obvious stars from Kristen Bjorn's *Caribbean Beat.*

his camera rarely lingers on aroused genitals so the viewer can enjoy their beauty in action. Foreskins are present, but Bjorn doesn't take full advantage of their erotic impact. There are cum-shots in abundance, but the spectacular eruptions of white-hot male lava gushing from slits, usually captured brilliantly by Bjorn's camera in intimate close-up, are mostly missing. *The Vampire* lacks the sensual, penis-to-penis sex as well as the personal feeling characteristic of Bjorn's earlier work.

If *The Vampire of Budapest* is your first Bjorn video, you should go back to some of his early releases to fully appreciate his videographic skills. The clips from former titles that accompany *The Vampire* give you some idea of the heat generated in his best cum-shots, but to appreciate his impressive style, I recommend you get a copy of *Tropical Heatwave*. It begins with an autoerotic tour-de-force by Roberto, who just may have the world's most beautiful ass. Watch him strip, flip his awesome stiff cock, walk out onto the balcony and masturbate to an awesome no-hands ejaculation. Not satisfied, he goes to the pool and swims underwater in white briefs, humps the edge of the pool and jacks off again. Still hot, he ambles around the patio naked with his erection jutting stiffly from his crotch and works himself up to another orgasm. Cock still half erect, he stands by a poolside statue of The Discobolus and enjoys the most spectacular piss ever filmed. Fantastic.

Champs also is filled with vintage Bjorn. In a four-way, three uncut and one circumcised penis enjoy intense phallic frottage captured by Bjorn's came from every angle—underneath, above, from the side, in between, in close-up and wide shots. The foursome don't engage in much manual masturbation, but one couple dock (but not to climax). In the climax of the episode, two rigidly upright cocks spar stiffly like crossed swords and tease one another glans to glans until they ejaculate simultaneously in the most spectacular twin orgasm ever captured by a camera.

In Bjorn's most brilliant camera work, every part of the male body becomes sexual, a true sensual extension of the genitals. He has an unerring sense of the erotic, and an uncanny knack for capturing the intensity of male eroticism on tape. He portrays sex as a two-way street, give and take, and as often as not lovers excite their partners to climax before themselves. Bjorn also knows how arousing it is to watch a naked stud walk around with a stiff erection jutting up from his crotch. Although his videos rarely suffer from "limp-dick syndrome" and he usually avoids the negative impact of a soft cock, there are some in *The Vampire*—notably in the first episode where the birthday boy attempts unsuccessfully to maintain an erection while three guys stroke his penis.

In both of these videos, Bjorn's camera work is sharp and on target. In *The Vampire of Budapest*, lighting is appropriate to the setting, subdued but still revealing and the orchestral score enhances the eerie atmosphere pervading the story. Most of the dialogue, presumably in Magyar, is recorded at low volume, and except for the few subtitles we don't know what the guys are saying. It might have been fun to know.

In this viewer's opinion, both *A Caracas Adventure* and *The Vampire of Budapest* are well worth viewing, but are not Bjorn at his best. Perhaps language was a problem in communicating the director's instructions to the cast. Perhaps Eastern European attitudes toward sex was a factor. Whatever the cause, *The Vampire* isn't up to Bjorn's usual high standards. I do wish that Bjorn would begin (or end) his videos with identified portraits of his actors. It would make life much easier for reviewers, and it would add a personal touch to have a name to go with a face (and cock). I wish I could be sure that Gaspar Moreno *really* is Silvio's lover. Maybe he will drop us a line and let us know. How about it, Kristen?

Overall, I would give *A Caracas Adventure* three and a half stars; from the foreskin lover's viewpoint, four stars (even five!). For me, *The Vampire of Budapest* rates only three stars, and no more than that for its foreskin action: the performers just ignore their foreskins and get on with sex, as is usually the case with uncut cast members in domestic productions.

FORESKIN RESTORATION Progress Report 1994

Written & photo-illustrated in 1994 by Jay Norman.

The most recent update of Jay's Journey—1995—will appear in the next issue.

Nine years ago I wistfully applied the first of many Band-Aids to my glans and cockskin in order to realize a dream which I thought wasn't feasible: restoration of my own foreskin! I wondered what it would be like to be fully covered. I wondered what it would be like to have enough skin to make a tape ring, suggested in the instructions I was following.

My attempts at forming such a ring in those earlier stretching sessions always ended in frustration and disappointment. There simply wasn't enough loose skin to work with. The ring would invariably turn itself inside out, no matter how carefully I tried to put it together.

Nine arduous years of perseverance and dedication have paid off. Now, after a stretching session, I have enough shaft skin to entirely cover my glans and I have ample foreskin to easily form a tape ring. The band of skin normally tightening the foreskin of an intact man, along with the frenulum which attaches the foreskin to the glans and keeps it pulled forward covering the cockhead, were both removed when I was circumcised shortly after birth. Hence, my cockhead doesn't stay encased.

Nonetheless, I am very happy to report, this year, that just the tip of my glans is all that remains to be fully covered. I have gained enough cockskin so that three quarters of my cockhead is permanently covered and—after a stretching session—it is fully covered for a short time until the skin begins to retract. I have also noticed that when I'm lounging around in the nude and I look down, I often see my cockhead nestled sweetly in its fold of foreskin.

Once the tip of my glans is completely covered, and then some, my foreskin can be surgically, tightened, giving it a much admired tapering cone-shape. And under the skilled hands of a surgeon, a new frenulum can be formed and attached. Hopefully, in the next couple of years this choice will be available to me.

Will I opt for the surgery? At this time, my thoughts are... ambivalent. I was subjected to the surgeon's knife once, and I was not happy with the results. A part of me says I'd be a fool to let him get ahold of my cock again!

METHODS. The main method of stretching that I use, and have been using for several years, is a foreskin cylinder and vacuum pump. This year, however, I made a small alteration. I have outgrown the clear plastic ball that originally came

with the device. It's too small. I have too much skin which pulls up over it to be sucked up into the cylinder. In January, I replaced the plastic ball with a golf ball which is slightly larger. It takes more foreskin to reach around it. And I have just enough left after covering the ball for the cylinder to grip. I wear this device for a hour or so several times a day.

My night stretching regime has changed, too. I wear a golf ball to bed, as well, with one modification. I like nothing better than the feel of a nocturnal erection pulling against my foreskin, stretching it. I'm in the extension stage which means I have enough foreskin to cover my glans even when my penis is erect. So, in order for my foreskin to lengthen, it needs to stretch out beyond my cockhead. I accomplish this by inserting the golf ball inside my foreskin and taping it shut with a length of 2" elastic tape. I find that just using the golf ball is not enough; my foreskin lengthens, easily accommodating it and my hard on. I have modified the regime, increasing its stretching ability by filling my foreskin with cotton balls before I insert the golf ball and seal it shut. What a great feeling the stretch provides!

Manual stretching has always been one of my favorite pastimes. Any time I'm at liberty to do so I enjoy catching a finger full of my foreskin. Sometimes it has a delightful manly aroma about it. I like working a lot with my circumcision scar. I hook my fingers into it and pull. Most of the new growth inside my foreskin is a pink band of tender skin that extends from the scar to the corona of my glans. Lubricating it with some "good grease" and stroking, I find it is wonderfully sensitive.

Of course I always enjoy it when Denny, my foreskin stretching buddy, comes over for a stretching session. We get naked and man-handle each other's would-be foreskins. I met him at a meeting of the local chapter of RECAP, an organization with headquarters in San Francisco. Our motto is: "We promote foreskin restoration for those who want to be intact again."

One of the attention-getting things that I like to do during the "Show & Tell" part of the meeting is to drop my pants, remove my foreskin stretching cylinder and let the golf ball slowly ease out of my foreskin, catching it in my hand.

As you can see, foreskin restoration and stretching have become a way of life with me. I enjoy almost any foreskin activity. And so, I would like to end this report with the following story.

JIM'S METHOD

It was my turn to show the guys at the RECAP meeting just how far I had progressed since the last meeting. I pulled down my pants and removed the foreskin stretching cylinder I was wearing. Slowly the golf ball stuffed inside began to emerge. I caught it in my hand. That was when I noticed Jim watching me intently, his eyes smoldering. I smiled. The other men were spellbound. We were having our foreskin restoration support meeting at Jim's house because, he said, he wanted his wife to meet us. He wanted to convince her that his wanting to restore his foreskin wasn't as crazy as she thought it was. "These are other guys with the same dream that I have, he told her, as we nodded hello and filed past her. Jim joined us in the adjacent room, closing the door behind him. Our meetings are for men only. His wife waited patiently outside in the living room.

"Man, oh, man," Jim said, coming up to me, his blue eyes still smoldering, "I've never seen anything like that!" He pointed to the outline of my cock in my trousers.

I could tell he wanted to do more than just talk about it. Touching at RECAP meetings is discouraged, at least in the intimate way I though Jim had in mind, even if it was only with his eyes. "If there's somewhere we can go in private," I told him, "I'll let you have another look at it."

"Yeah, the bathroom in my shop down in the basement," he replied quietly, "Nobody ever goes down there 'cept me. Come on."

I looked around to see if anyone was watching us. Denny's eyes caught mine. He and I had come to the meeting together as we usually do. The look on his face asked if I was ready to go, now. I shook my head, not just yet. I followed Jim out of the room.

Once inside the tiny bathroom, there was barely enough room for the two of us to stand. Jim leaned into me, reached behind me, and bolted the door. I dropped my pants. My foreskin hung down, fully encasing my cockhead. As I skinned it back, revealing the pink band between my circumcision scar and the corona, a faint odor of manhood assailed our nostrils.

"Man, oh, man," he whispered, "I wish mine looked like that!"

"It will," I assured him, "if you keep stretching." His cock was making a noticeable outline in his Levis. I worked my foreskin back and forth a couple of times. Then, holding it with my thumb and forefinger, using both of my hands, I stretched it open and up towards Jim. "Here," I said, "take a look inside. You can put your finger in it, if you'd like."

"Oh," he groaned. Then, self-consciously, he blushed, "I've never done anything like this be...."

"Nothing to it," I interrupted. "Denny and I stretch each other's foreskins all the time. Here..." I took hold of his hand and directed his finger up under my foreskin.

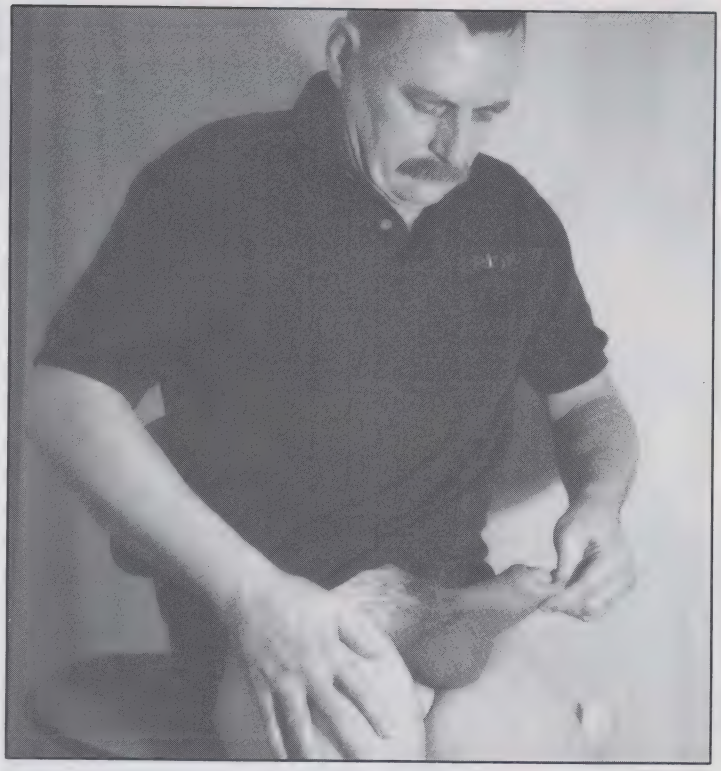
He closed his eyes and groaned again. He began stroking my cock and its foreskin. Precum oozing from his penis made a wet spot in his Levis. It spread over the tip of his now hardened cock.

"If you really want to know what a foreskin feels like," I said, pulling away from him, "don't make me too hard; otherwise I won't have enough skin to dock with you. Have you ever docked with another guy before?"

"Naw," he retorted, "I've never even touched another man's dick."

I undid his Levi's and pulled down his Jockey shorts. Freed from it restraints, his turgid, thick headed penis sprung out.

I stretched my foreskin,



again, in his direction, only this time I engulfed his rigid cockhead in it. He felt cool encased inside my hot skin.

Jim groaned again when he felt my foreskin quickly tightening around his glans. And just as quickly, I felt his cockhead flare, and that's when he came.

"Sorry," he said, "being in a foreskin—your foreskin—was just too exciting! I've always wondered what it was like."

"Nothing to be sorry about, fella," I told to him in a husky voice as we both buttoned up, "Now you know, first hand—well almost—what it's like having a foreskin. I'll let you stretch mine anytime you want. I like your method!"

We both had sheepish looks on our faces when we joined the others. Denny picked up on it right away and looked at me inquisitively.

"I'll tell ya on the way home!" I whispered in his ear. "Jim just showed me his method, his very special new method!"

Until next year's report, keep stretching!

Note: First 75 words of PERSONAL ADS are free.

I declare, by placing this ad, that I am 18 or over and that my ad is true and correct, and that I will not attempt to hold Brush Creek Media responsible for any error in the publication of my ad or for any transactions resulting from it.

ABOUT HAVING YOUR PHOTOGRAPH APPEAR WITH YOUR PERSONAL AD: New regulations are making this more complicated. Even if your photo was previously published in FQ Personal Ads, we are now required to have on file a release statement, list of your stage names and aliases(if any), and a photocopy of your age-proving ID.

① **FOR OUR RECORDS:** This info is needed so we can send your Voice Mail box # and such to you, and so we can reach you if there is a problem with your ad. Use your legal name and, if possible, a daytime phone. This information is kept confidential.

② **WHERE SHOULD YOU RUN YOUR AD:** Choose your home state unless you travel widely (Nationwide) or are interested only in contacts on the basis of the respondent's circumcision status (Cut, Uncut, Cut or Uncut).

③ **BOLD HEADING:** Print up to 25 characters including spaces, absolutely no more. When counting the words in a personal or commercial ad, do not count the words in the headline.

④ **YOUR AD COPY:** Print it out very clearly. Don't bother using abbreviations—we're counting words, not letters. Tell 'em what you want and what you've got to offer. Every personal ad will automatically be issued a Voice Mail box # for the Brush Creek Media Personals system on which the FQ Uncut line is one of five menu options. You may include your address in your ad, but we can no longer publish phone numbers in personal ads. If you wish to have your photograph published along with your ad, you must do the following: 1) write *released to Brush Creek Media for publiction* and your name and signature on the back of the photo or on a piece of paper taped to the back of the photo, 2) write on a separate sheet of paper any aliases or stage names you have also been known by, 3) include a clear photocopy of your driver's license. There is no charge for photos published with personals. You have to be 18 or over to place an ad, and you may not mention or suggest sex with minors or animals. Otherwise you're own your own, write what you will and we'll publish exactly what you write (so, print clearly). Deadline? Whenever your ad arrives, it will go into the next issue of FQ.

⑤ **HOW MUCH?** Add up the words, not including the headline, and pay 25¢ for each word in a commercial ad, and for all words over 75 in a personal ad.

MAIL FORWARDING: Properly prepared letters sent to your box number will be forwarded to you unless you check the **no mail** box in the form at left. (See ❶)

⑥ **PHONE NUMBERS:** Sorry, we can not publish phone numbers in personal ads except verified numbers of telephone devices for the deaf. Phone numbers in commercial ads are acceptable, but must be verified. Verification costs $1.

⑦ **RUN IT AGAIN?:** Free personals will run at least four times, concurrent with your subscription. Personal ads over 75 words: Pay for additional insertions of your ad's extra words. Commercial ads: multiple insertion discount as shown on coupon below.

⑧ **PAYMENT:** Check, Money Order, Visa, Mastercard or Amex.

⑨ **SIGNATURE:** Required for all classified ad placements.

FORESKIN QUARTERLY TO READERS OF THIS MAGAZINE

You could make ***FQ*** a better and more interesting magazine. Here's how: One, you could write down your memories, fantasies, and dreams and share them with other readers by submitting them to ***FQ***. If you can write a good, full-scale story, even if it needs a lot of editing to be ready to publish, we'll get it illustrated and publish it. Two, if you are an artist or even an accomplished doodler who draws intact cocks with or without the men attached, you may be able to illustrate stories for us, or to have your art featured in an ***FQ* Gallery** spread. Three, if you think you're hot-looking or interesting, have a friend take some picutres (black-and-white preferred, color acceptable if contrasts are good) and let us consider using them as illustrations or a photo spread in an issue of ***FQ***. We'll supply the model release and legal info if we like your pictures. Sorry, we have to have the legal paperwork on file, but you can be ***publishsed*** anonymously if you like. See, there's a lot you can do to make ***FQ*** more and more the magazine you and your friends want it to be!

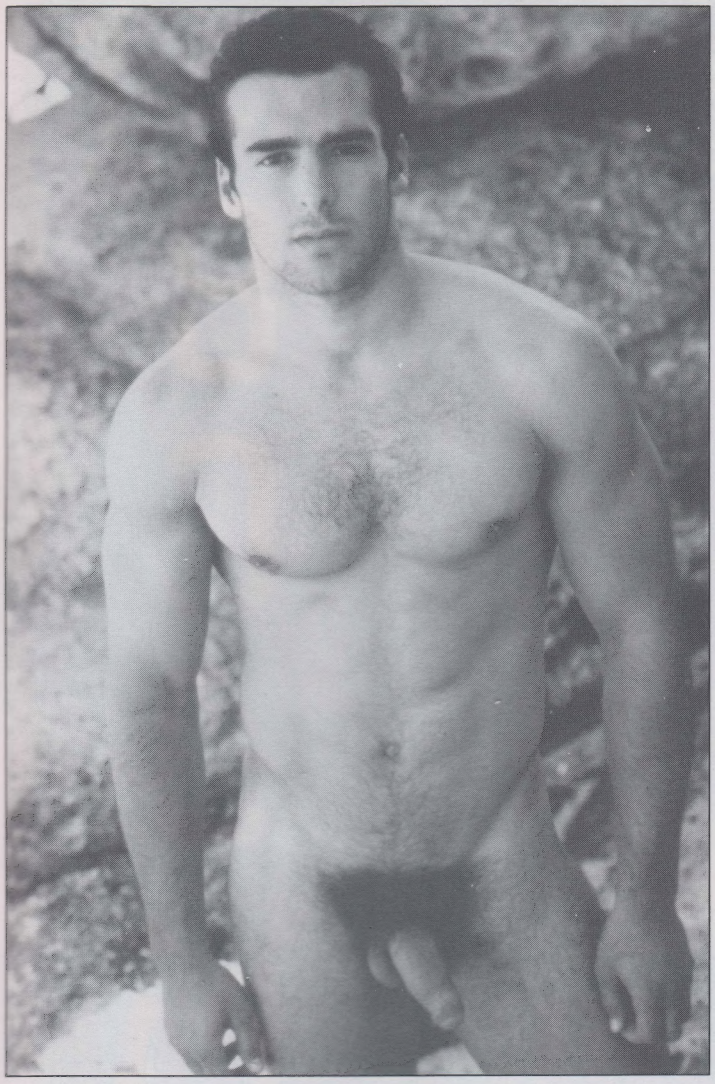
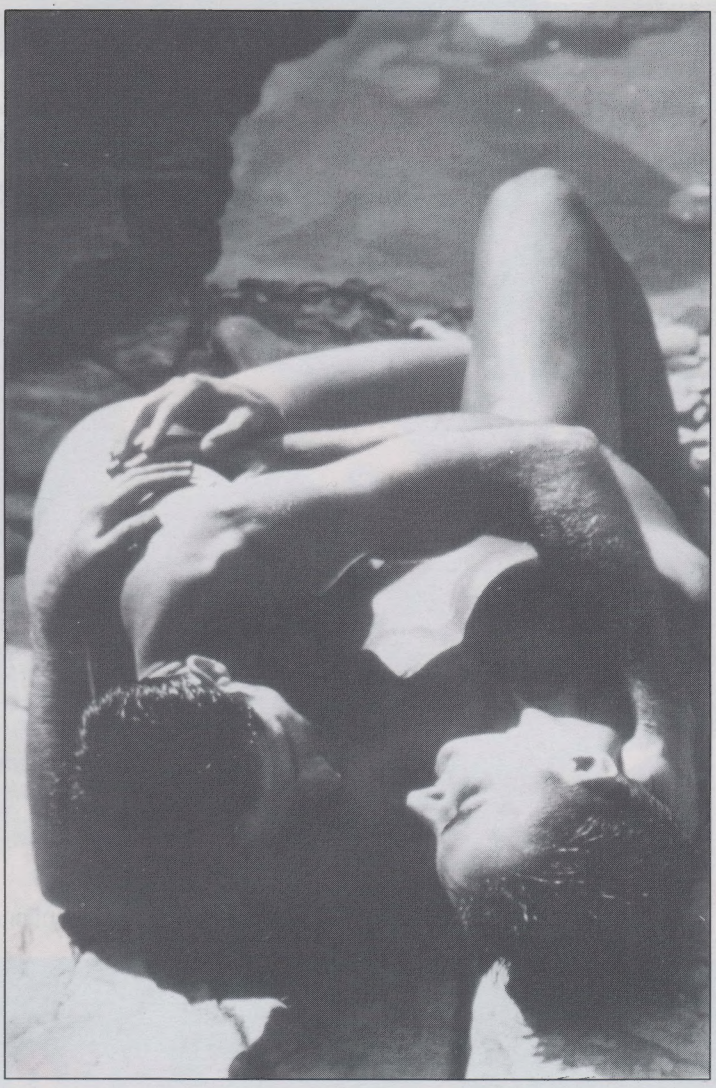
TRANCE

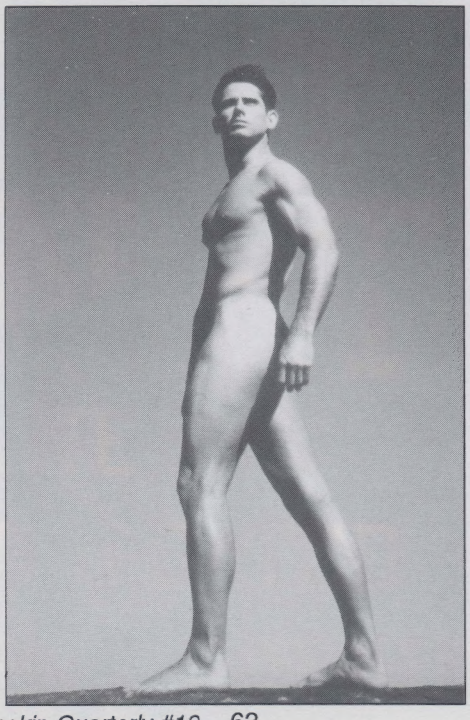




TRANCE by Greenwood/Cooper Homevideo, 7033 Sunset Blvd., Suite 204, Los Angeles, CA 90028. 1-800-959-9843.

Often, tapes by Greenwood/Cooper Homevideo are more romantic than sexual, more ethereal than erotic. That's all well and good, to be sure. In videos like *Wrestle* and *Choices*, the Greenwood/Cooper style toys with us in a way that makes us feel good about being sensual and sexual and male without reminding us of the sweaty, gritty realities of sex in the way most porn does. We get a sense of the performers putting on a show for us, more than the feel that they are trying to turn us on. That can be pleasant—even sweet—and relaxing.

In Greenwood/Cooper's *Trance*, another path is explored. The tone is still romantic and the feel is still ethereal, but here each of the six (all? uncut!) performers flicker into some beast-persona of sexuality, reflecting and drawing on the animals of the surrounding African continent. A witch-doctor sends them into trance states where each of them discovers and celebrates a wild, sexually aggressive side of himself. If the celebration is more dancing than sex, it is only because the urges in play are more discovery and exploration than carnal satisfaction. And still, as I said before, this is "harder" sex than most Greenwood/Cooper material shows us.



Trance is all soft-core, simulated sex (or so it seems to me), but again, it isn't about grunting and screaming. It doesn't need hard-core sexual performances to achieve it's goal of stimulating and entertaining. What's more, in this tape, the action also provokes a certain (nonthreatening) kind of self examination: Who am I and what is my sexual nature? Where do my sexual urges come from and what does it take to really satisfy them?

The scenery is magnificent, and turns richly sensual when examined through the video lens with these beautiful men imitating it, melting into it, and standing out against it. The African tribal scenes feel more real and haunting than what we are accustomed to in movies and television shows. And the tribal dancing is no less erotic than the moody choreography of the white, South African stars.

All in all, Trance is an artful and enjoyable experience that any man is sure to enjoy, so long as he has a touch of romance left in his heart.
